## About PSM

The Photographic Society of Madras (PSM) was established in 1857 just a few years after the first ever photograph was taken. It was founded by Dr. Alexander Hunter and the Honorable Walter Elliot. PSM is a vibrant and dedicated band of photographers. One of the earliest photographic societies in the world, PSM was established to bring together photographers of all genres including wildlife, nature, landscape, architectural, macro and street. PSM meets on the fourth Saturday of every month to display and discuss the works of its members as well as for guest lectures.

Members frequently travel together to wildlife sanctuaries, heritage sites, festivals and other places of photographic interest, making new friends and seeing new places while shooting fine photographs. PSM organizes programs almost every week all through the year. These include, photo-walks, photo-tours, classes, workshops, salons and exhibitions. PSM has as its members, some of the finest photographers of India who are ever willing to share their tips and experiences and promote this art. PSM creates opportunities for learning, exchanging of ideas, appreciation of this art, exposition to the science behind it, besides providing fun times travelling and exploring. PSM provides the perfect platform to learn and practice photography as a hobby, passion or profession.
